

Plan A- Brochure

State-wise Internal Details: Our service provides state-wise internal details on various aspects of medical institutions in each state of the INDIA, except some states because we are unable to find any student out there and searching of such institution is still in progress by accidental doctor team . PLAN A includes information on examination charges, internship stipend, passing percentage, number of supply, extra charges other than college fees, and faculty details.

1. Examination Charges: We provide detailed information on the examination charges for MBBS course offered by the educational institutions in each state. This includes additional fees, as it is not included in fees brochure of that college. This will help students and parents plan their finances better and avoid any unexpected expenses during the academic year.

2. Internship Stipend: Our service also provides information on the internship stipend offered by each educational institution in each state. This will help students who are looking for internships as part of their course curriculum to understand the compensation they will receive.

3. Passing Percentage: We also provide information on the passing percentage for each course in each educational institution in each state. This will help students choose the right institution for their course and understand the academic standards of each institution.

4. Number of Supply: Our service also provides information on the number of supply exams offered by each institution in each state. This will help students plan their academic year better and avoid any delays in their course completion.

5. Extra Charges Other Than College Fees(if taking): We provide a detailed breakdown of the extra charges other than college fees that may be applicable to MBBS course in each institution in each state. This includes charges for books, library, transportation, hostel, and other facilities. This will help students and parents plan their finances better and avoid any unexpected expenses.

6. Faculty Details: Our service also provides information on the faculty members of each institution in each state, including their qualifications and experience. This will help students choose an institution with the right faculty members who can guide them through their academic journey.

7. State-wise Charges: We offer state-wise charges for our service. For instance, the charges for UP are INR 3500, for Bihar are INR 1500, and for Haryana are INR

1500,Karnataka INR 2500. This makes our service affordable and accessible to students and parents across the country.

Overall, our service aims to provide comprehensive and detailed information on the internal details of educational institutions in each state, helping students make informed decisions about their education and career.
