The project « ACT for Liberty » was funded with the support of the European Union under the Programme "Europe for Citizens"

Applicable to the Strand 2 – Measure 2.3 "*Civil Society Projects*"

6 events have been carried out within this project:

In ACT for Liberty we implemented in 4 EU countries a series of events. We used gamification and visualization to create awareness and desire to be part of the dialogues. This is based on our "theory of change/ transformation model" that we co created with the University of Utrecht.
Our integrated approach covered four phases:
- Awareness - Cultivate awareness using soft power like gamification, visualization and dialogues
- Desire - Create desire by inviting them to ACT with your visualization. When you show your ideas and discuss them
- you start to be the architect of your and EU's future
- Knowledge - Build knowledge via our open platform and toolkits
- Ability – To sustain the transformation to have the toolkits available for all our partners. In our dissemination we will continue to use the tools and services in our growing Education portfolio.

The partnerships have been strengthened thanks to this project.
In dialogues we create a shared vision on freedom. Freedom is not the absence of war but the presence of (we maximized it to) 7 dimensions "Freedom of Speech, Respect & Identity, Integration & Migration; Equality, Democracy, Fake & Reliable news, Cybersecurity and privacy. Themes that resonate in the world of youngsters.

In the gamification we choose to use the metaphor of the boiling frog; When are the challenges of the 7 dimensions "too hot for you" that makes you jump?
The game can be played online in a group, as a single player or even via physical jumping with a group together during the events when the internet performance was not perfect.

Event 1
Participation: The event involved 9 citizens, including 4 participants from the city of Amsterdam (**The Netherlands**), 2 participants from the city of Utrecht (**The Netherlands**) 1 participants from the city of Essen (**Germany**), 1 participants from the city of Monstar (**Bosnia and Hersegovina**), 1 participants from the city of Ludbreg (**Croatia**)
