Magic E Flip Book

Watch tap turn into tape

Name: _____ Date: _____

Each strip has a short-vowel word on the left and the same word with a magic e on the right. Fold the strip, read the short word, then flip it open and watch the silent e change the vowel sound.

tap

tape

How to use this file

1. Cut out the strips on the dashed lines.
2. Fold each strip on the dotted line so only the short word shows.
3. Read the short word. Then open the strip: what does the silent e do to the vowel?
4. Read the new word and say a sentence with it.
5. Stack the strips for one vowel and staple them on the left edge to make a mini flip book.

Teacher tip

Pair children up: one folds, one reads. Switch after every strip.

Flip strips: a_e (1 of 2)

Cut out each strip. Fold on the dotted line. Say it, flip it, say it again.
