For your kind information, do not use the old and worn liners, as well after each milking the liners need to be cleaned and washed correctly. Kindly replace the liners after (6 months/ 750 hours /2500 milking). We create the special design of your wished liners. Eski ve yıpranmış meme lastiklerini kullanmayınız, ayrıca her sağımından sonra meme lastiklerinin doğru bir şekilde temizlenmesi gerekmektedir. (6 ay/750 saat/2500 sağım) sonra meme lastiklerinizi değiştiriniz.
