Hi there! I'm Wilson Balderrama, a seasoned Frontend Engineer with over a decade of experience in leveraging JavaScript technologies to craft robust and innovative solutions.

Throughout my career, I've had the privilege to work on a diverse range of projects, from small-scale applications to large enterprise systems. My expertise lies in building intuitive user interfaces that seamlessly blend functionality with design, enhancing user experiences across various platforms.

My toolkit includes a deep understanding of modern JavaScript frameworks such as React, Next, etc. I thrive in dynamic environments, adapting quickly to emerging technologies and industry trends to deliver cutting-edge solutions.

Beyond coding, I'm passionate about collaboration and teamwork. I excel in cross-functional settings, working closely with designers, product managers, and backend developers to transform ideas into reality.

Work History

2020-04 -
2024-03

Senior Frontend Engineer (React, Next.js)

PayPal, Bolivia (Remote)

As a Frontend Engineer at PayPal, I played a pivotal role in enhancing the checkout experience for millions of users worldwide.

My responsibilities were:

- Creating new features based on A/B Experiments.
- Maintaining code quality through integration testing and clean code.
- Having meetings with stakeholders, and design team presenting them the new features developed.

Accomplishments:

- Implemented the checkout web new design v2 at 2023, I played a key role in transitioning the checkout experience to the new design v2, meticulously applying design patterns and guidelines to ensure a cohesive and visually appealing user interface. This involved refactoring existing code, optimizing performance, and conducting thorough testing to guarantee a smooth rollout. The result was a sleek and intuitive checkout flow that elevated the overall user experience. These initiatives not only contributed to improving user satisfaction but also drove tangible business results, reinforcing PayPal's position as a leader in online payments. I'm proud to have been part of a talented team that continuously strives for excellence and innovation.
