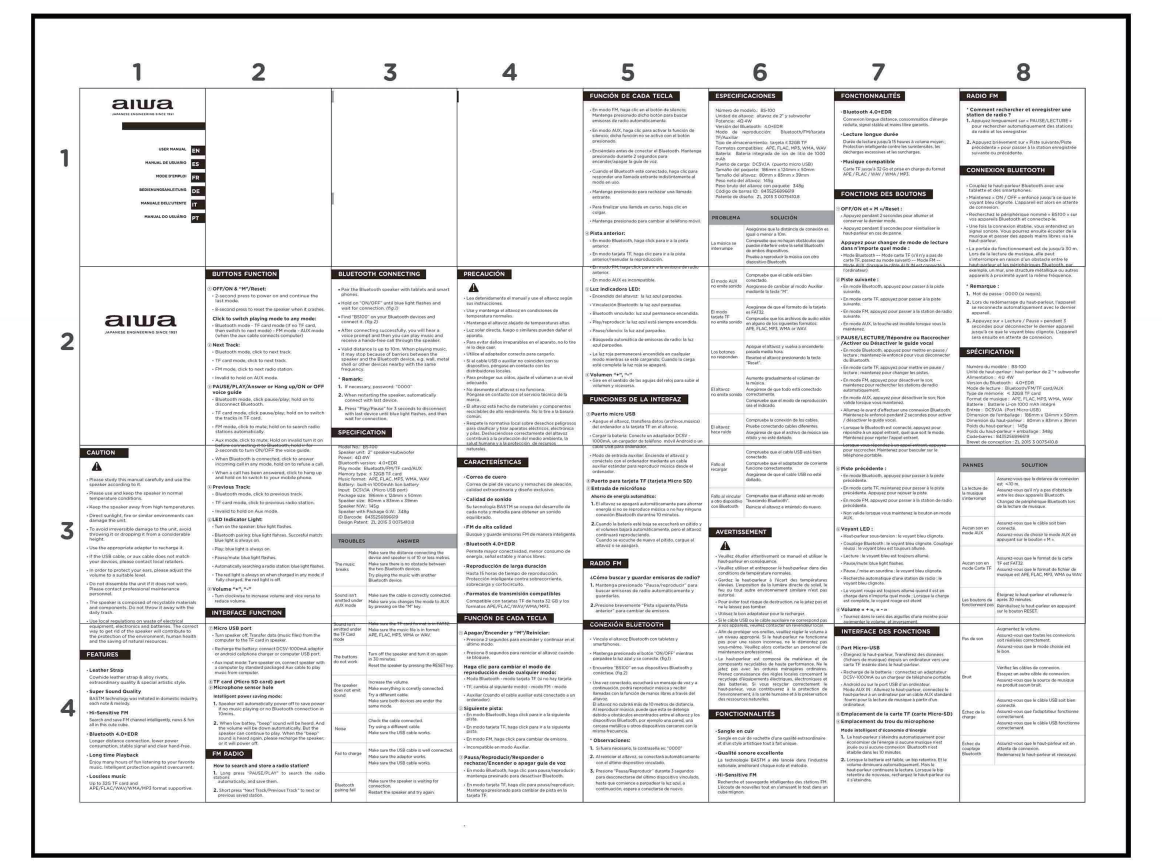
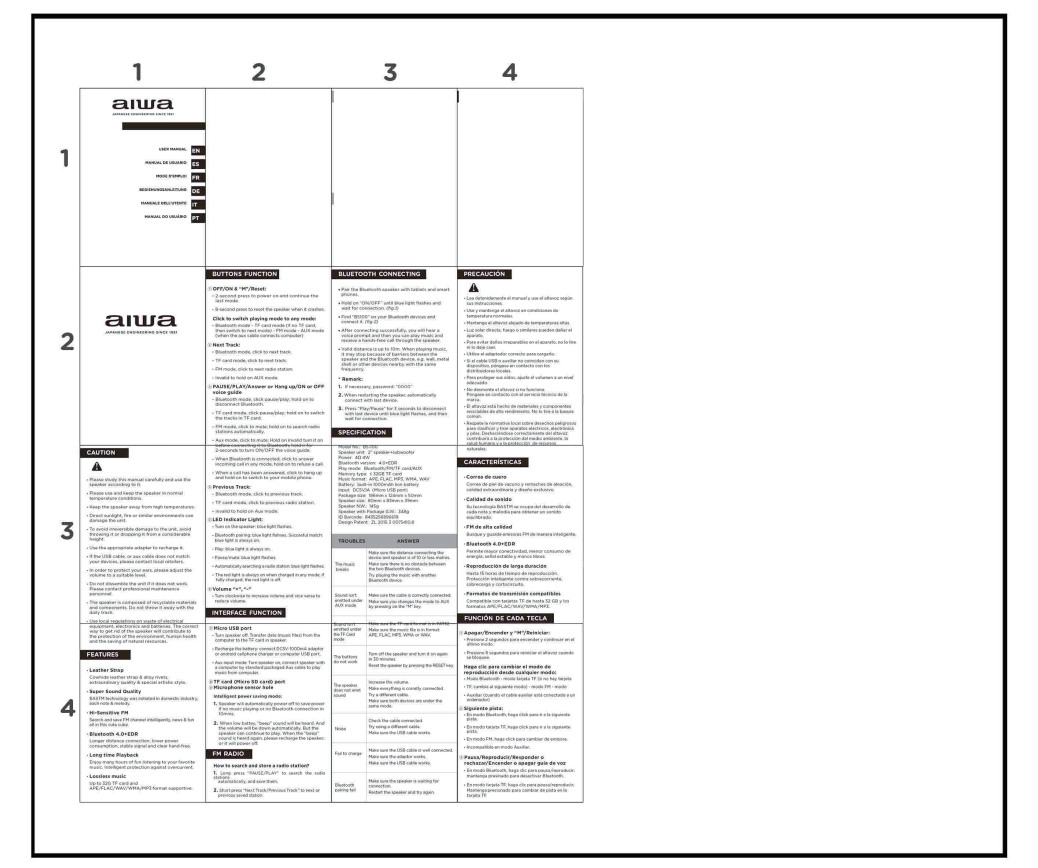
Printed in P.R.C.

Please, follow the next steps in order to fold correctly the manual.
The manual has to be folded in an acordion style.

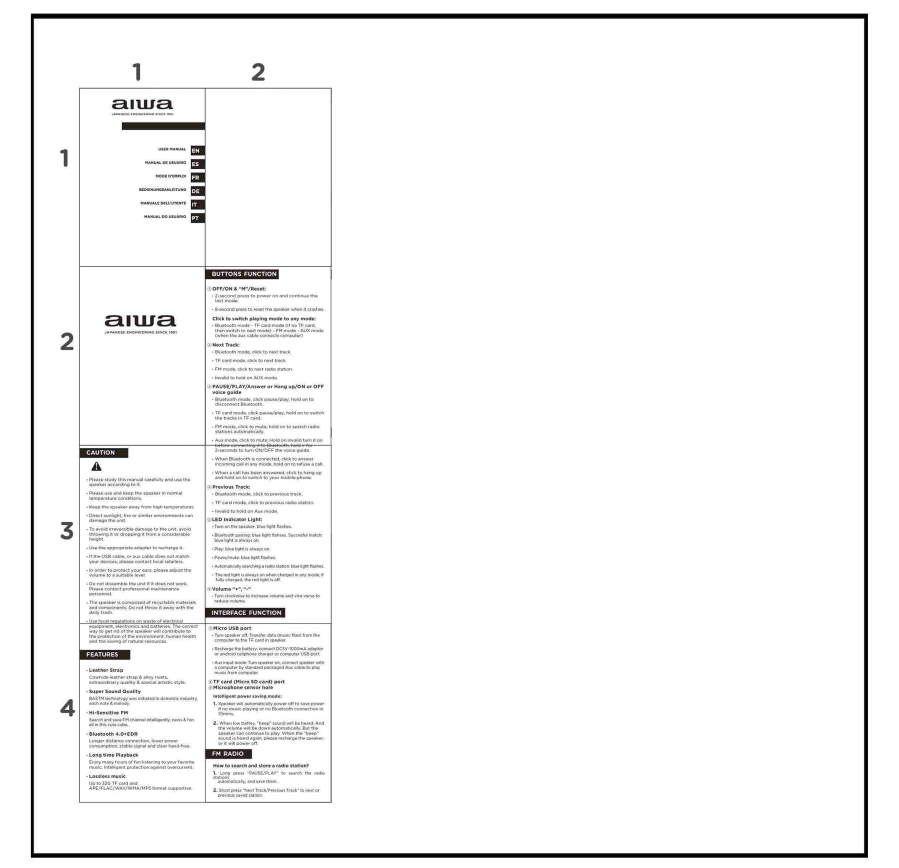
1



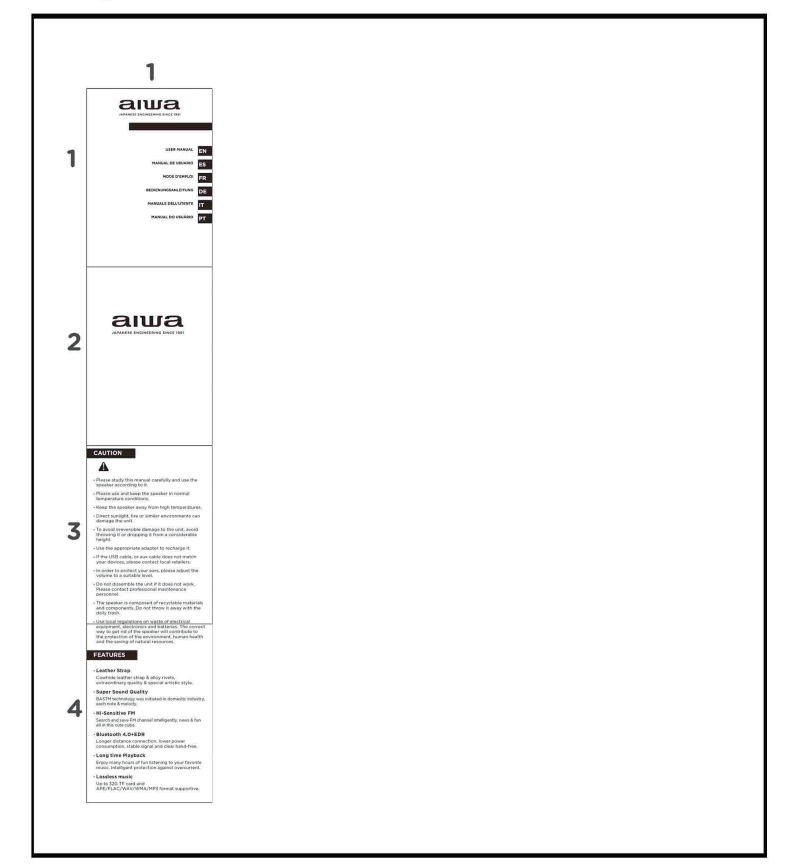
2



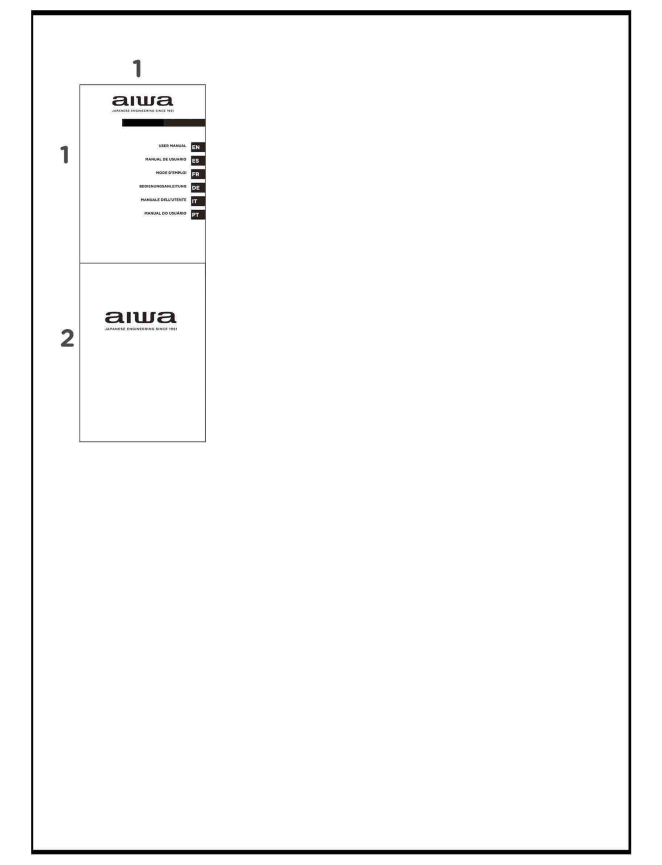
3



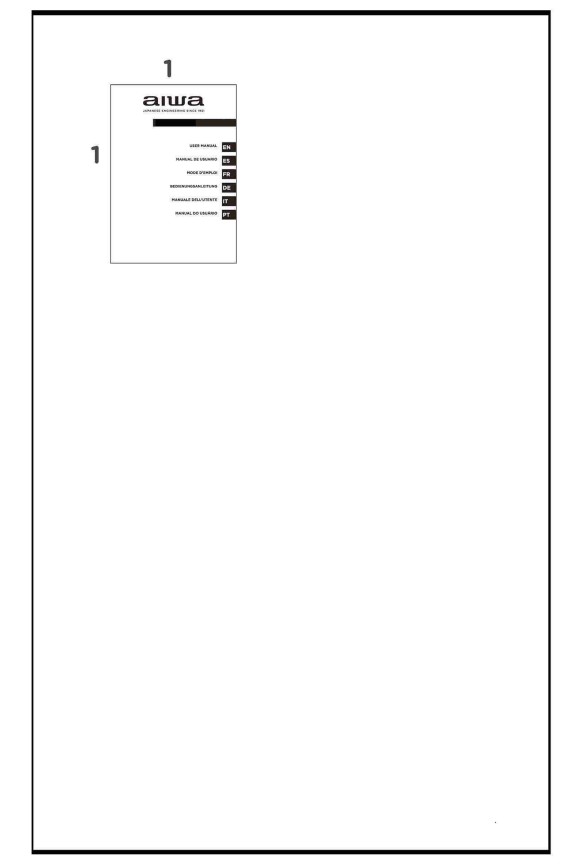
4



5



6



With a properly manipulation process you'll get those sides once the manual is folded:
Front: The front of the manual with the languages and the info about the product.
Back: The back part of the manual, where you'll find the contact information and the AIWA logo.
