Objective:

As a graduate student majoring in Agricultural Economics, I am driven to apply my economic knowledge and data analysis skills to promote sustainability and foster economic growth within the agriculture sector. I am actively seeking a challenging and rewarding role where I can leverage my understanding of economic principles and commit my skill to address pressing issues in agriculture and rural development.

Academic Background:

Degree	Institution	Passing Year	GPA
BSc in Agri.Econ. (Hon's)	Bangladesh Agricultural University, Mymensingh	2024	3.32 (scale of 4)
HSC	Cantonment Public School & College, Rangpur	2017	5.00 (scale of 5)
SSC	Amena-Baki Residential Model School, Chirirbandar, Dinajpur.	2015	5.00 (scale of 5)

Technical Skill :

Proficient In : SPSS, MS Word, MS Excel, MS PowerPoint, Internet Browsing, **Rational In :** R, Stata, C etc.

Language Skill :

- Proficient in speaking native Bengali and formal English language.

Extra-Curricular Activities :

- **BAUDS** (Bangladesh Agricultural University Debating Society), **General Member:** It's an organization made of debaters and debate lovers of BAU to develop their skills. I have participated in different debate competitions and also done different activities in various events.
- **BAULC** (Bangladesh Agricultural University Language Club), **Research and Development Secretary:** The club focuses on leadership and team management with the diversified world of language.
- **BAUCC** (Bangladesh agricultural university debating club), **Communication lead:** It's a didactic platform that intends to focus on nurturing the hidden potentialities of students. As a communication lead, I got the opportunity to be a part of the **TEDx BAU event** where I also got the chance to host the event. And also contributed in **NCC (National Career Carnival)** I played an important role to sync relation between speaker, guest and host the session. Recently I have been promoted as an **Additional General Secretary** and hoping the new journey will be more insightful.
- **10 Minute School, Campus Ambassador:** 10 minute school is the largest online classroom in Bangladesh. Glad to be part of this platform. In their recent **IDLC Finance Olympiad**, I also worked for promoting the event.

Scholarship :

Got **Talent Pool** Scholarship in Class 5, **General Grade** Scholarship in Class 8, **General Grade** Scholarship in S.S.C and **Talent Pool** Scholarship in H.S.C

Achievement :

Scored 1st position in **public speaking** in **National Youth Competition** arranged by **Islamic Foundation, Bangladesh** at Dinajpur district and also scored 1st position in **quiz competition**, Got first prize for science project at **“National Creative Talent Hunt”** competition at Dinajpur district under chirirbandar upazila in 2013.

Personal Interest :

Research Enthusiast, Corporate insight, Continuous learning, Communication lead, Volunteering.

Research Interests:

My research focuses on smallholder agriculture, particularly the adoption of technology and its impact on production economics. I investigate factors influencing technology adoption, analyze production efficiency, and provide evidence-based policy recommendations to enhance sustainable agricultural development. My goal is to contribute to improving livelihoods and food security for smallholder farmers through interdisciplinary research and policy engagement.
