Dear Flabio,

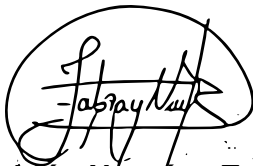

Congratulations, your paper ID: 65 Titled: "A Genetic Algorithm for BAP + QCAP with imprecision in the arrival of vessels" has been accepted for oral presentation in the SmartTech-IC 2019, the First International Conference on Smart Technologies, Systems and Applications.

The SmartTech-IC is an international conference conceived to attract researchers, scientists and technologists from some of the top companies, universities, research groups, and government agencies from Latin America and around the world to communicate their research results, inventions and innovative applications in the area of Smart Science and the most recent technological trends. The SmartTech-IC conference aims to provide an academic platform to promote the creation of technical and scientific collaboration networks. The conference proceedings will be published with Springer by Communications in Computer and Information Science (CCIS) series (SJ_R=0.17, Quartil Q3 by Scimago index).

SmartTech-IC 2019 will be held from Monday December 2, 2019 to Wednesday December 4, 2019, at Universidad Politécnica Salesiana, South Campus in Quito, Ecuador.

We look forward to having you present your work at the SmartTech-IC conference.

Yours Truly,

Fabián Narváez E, Ph.D
