

FULLSTACK DEV INTERN

Position: Full Stack Developer Intern

Duration: 3-6 Months (With the Possibility of Extension Based on Performance and Fit)

Location: In Person or Remote

Languages: English is mandatory; German could be beneficial

About Us

Founded in June 2023, Intellyse is a Swiss company specializing in the implementation of generative AI solutions in the supply chain and operations sectors. With a revenue already in the six-figure range and prominent customers like Siemens and Holcim, we are a fast-growing company with a skilled team from prestigious institutions like ETH Zurich and the University of St. Gallen. Our team is guided by experienced C-level advisors, with a focus on customer-centricity, innovation, and adaptability.

Job Summary

We are seeking a dedicated Full Stack Developer Intern for a 3-6 month internship with a possibility of extension based on performance and fit. This opportunity can be part-time or full-time, depending on your availability. Ideal candidates should have a fundamental understanding of Next.js for front-end development and or Python for back-end development. If you lack experience, that's not a dealbreaker—what matters is your willingness to put in the work to learn and grow with us.

Key Responsibilities

- Assist in designing, developing, and implementing front-end applications using Next.js.
- Contribute to back-end development with Python and integrate it with front-end solutions.
- Collaborate with team members and stakeholders to ensure consistent project outcomes.
- Test and troubleshoot applications across multiple platforms and devices.
- Learn and apply new technologies and tools to the development process.

Desired Skills and Abilities

- **Technical Knowledge:** A basic understanding of Next.js, React, and Python.
- **Learning Agility:** A strong willingness to learn and adapt to new technologies and frameworks.
- **Team Collaboration:** Ability to work in a team environment and communicate effectively with peers and stakeholders.
- **Problem Solving:** Capacity to identify and solve technical challenges, with guidance from senior developers.
- **Commitment to Learning:** Openness to feedback and a proactive approach to acquiring new skills.

Why Join Us?

- **Professional Growth:** Work with a team at the forefront of Generative AI in industry, gaining valuable experience and mentorship.
- **Flexibility:** Work in person or remotely with flexible hours, providing you with a great work-life balance.
- **Company Impact:** As a rapidly growing company, your contributions will directly impact our products and direction.

Interested?

Send your resume and a brief cover letter outlining your interest and relevant experience to s.bensland@intellyse.com and a.deperregaux@intellyse.com with “[Full Stack Developer Intern Application]” in the subject line. We're excited to see how you can contribute to our team!
