

# Full-Stack Software Engineer at Intonate

## Role Description

Want to solve unique, complex technical problems and help to improve the healthcare system? Intonate is seeking a Full-Stack Software Engineer to join our startup. In this position, you help us build products that enhance healthcare delivery, create new features while keeping in mind what is best for the end user.

## Responsibilities

- Full stack web/mobile application development with a variety of coding languages.
- Complete medium to large features (each with multiple tasks) independently with limited guidance.
- Proactively identify and drive changes as needed for assigned codebase and product area.

## Minimum Qualifications

- Currently has, or is in the process of obtaining a Bachelor's degree in Computer Science, Computer Engineering, a relevant technical field, or equivalent practical experience. Degree must be completed prior to joining Intonate.
- Experience building and shipping high quality work and achieving high reliability.

## Preferred Qualifications

- Master's degree in Computer Science or related field (or equivalent industry experience).
- 1+ years of programming experience in a relevant language.
- 1+ years of experience identifying, designing and completing medium to large features independently without guidance.
- Experience in productizing AI/Machine Learning technologies from conception to end.
- Experience with programming languages such as Python, Java, Swift, Kotlin, Dart (preferred).
- Familiarity with cloud platforms like AWS (preferred), Google Cloud, or Azure.
- Flexibility and resilience in a dynamic environment.

## Company Description

Intonate is a technology startup based in Zürich and aims to reduce the administrative burdens in Europe's healthcare systems. Our first product revolutionizes the way doctors document their work by generating medical reports in real-time directly from doctor-patient consultations. We are currently in the process of rolling out our solution to multiple EHR systems to reach doctors across Switzerland. Join Intonate and be part of a mission-driven team dedicated to enhancing the efficiency of medical documentation.
