COMMON QUESTIONS

Why add a second shooter?

A second shooter is in two places at once — both of you getting ready, key reactions during your vows, wide and intimate angles together. Richer coverage and backup gear.

How does the pricing work?

Every collection begins with one shooter. Add a second anytime for \$500 — recommended for weddings of 8+ hours or larger parties.

Is there a travel fee?

No travel fees. We keep dedicated teams in your area for seamless coverage, with no added cost.

Are you insured?

Fully insured — for your peace of mind and your venue's. We carry backup cameras, lenses, and gear to every wedding.

What is the turnaround?

Standard editing runs 30–90 days, with most films finished in 30–60. An expedited option is available on request.

Do we keep the footage?

Yes — complimentary. You'll receive a private link to view and download all of your raw, unedited footage.

We would be honored to capture your day.
