

## Tip-Sheet

### Creating a Discount (or Bonus Points) Button Set to Work on Specific Days

This Tip-sheet covers creating a pre-set Discount or Bonus Points button that is set to function on specific days of the week. Example: Tuesday Senior's Day Discount.

From POS Manager go to:

- Customers
- Discount Groups

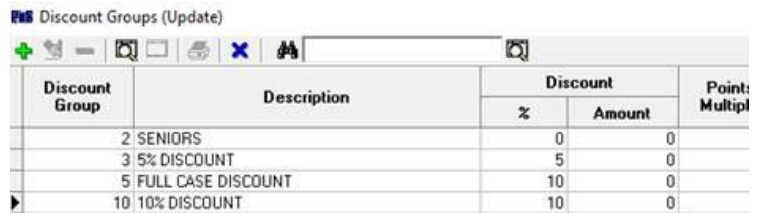

The Discount Group Editor will open

- Click on the + (Add) icon to create the Discount
- Enter a Discount Group number
- Enter a group Description
- Enter a Discount % or Amount

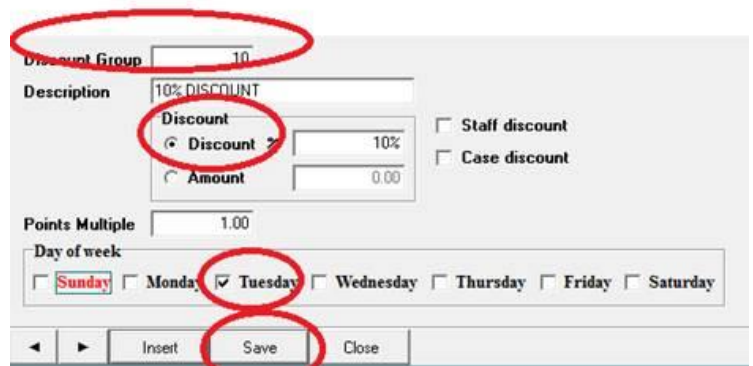

And/or

- for Points Bonus Day, enter Bonus Points Multiplier
- Tick the days the Discount/Bonus Points is valid
- Click Save and close the Discount Editor

A screenshot of the 'Discount Groups (Update)' window. It shows a table with columns for 'Discount Group', 'Description', 'Discount %', 'Discount Amount', and 'Points Multiplier'. The table contains the following data:

Discount Group	Description	Discount		Points Multiplier
		%	Amount	
2	SENIORS	0	0	
3	5% DISCOUNT	5	0	
5	FULL CASE DISCOUNT	10	0	
10	10% DISCOUNT	10	0	

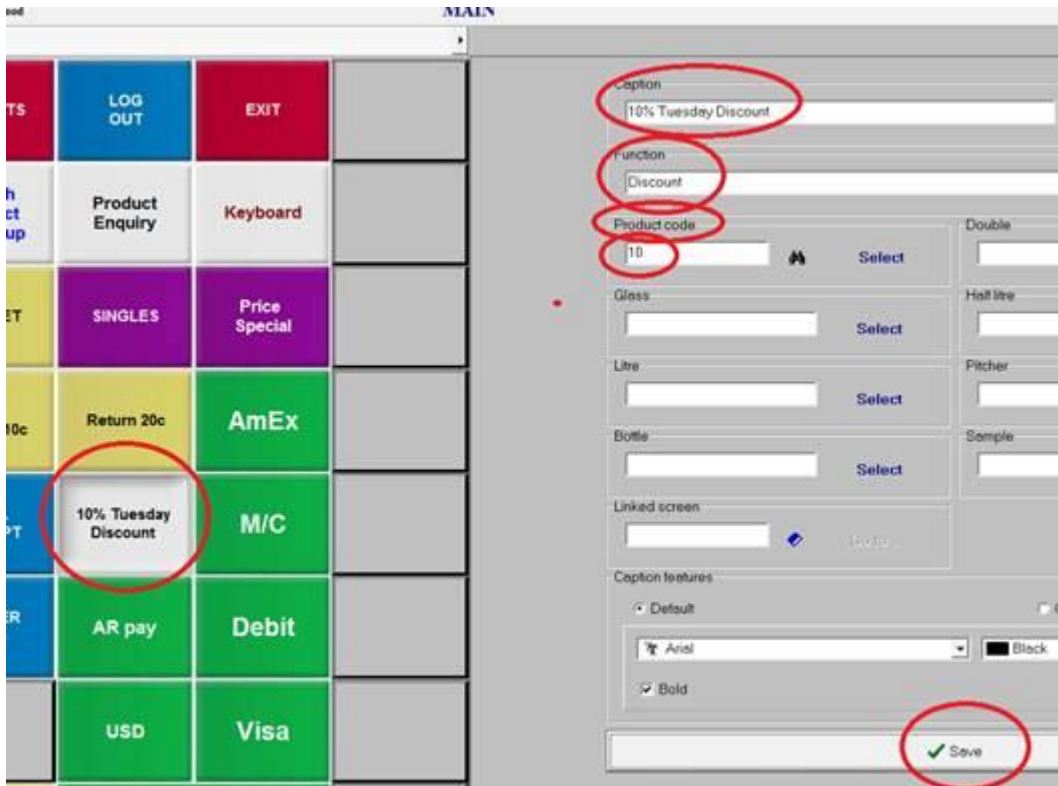

A screenshot of the Discount Group Editor form. The 'Discount Group' field contains '10' and is circled in red. The 'Description' field contains '10% DISCOUNT'. Under the 'Discount' section, the 'Discount %' radio button is selected and its value '10%' is circled in red. The 'Amount' field is set to '0.00'. The 'Points Multiple' field is set to '1.00'. In the 'Day of week' section, the 'Tuesday' checkbox is checked and circled in red. At the bottom, the 'Save' button is circled in red. There are also 'Insert' and 'Close' buttons visible.

To create a Pre-set Button for the New Discount Group open the till Screens Designer

Select an unused button –

- Select the proper Function  
<Discount> for a single item discount or  
<Discount Fixed> for all liquor in the purchase
- Enter the Discount group code under <Product / code >
- Enter a Caption (Description for the button's use)
- Click Save

*If the new button isn't visible at the till, refresh the screens by signing out and signing back in.*
