

TIP SHEET - ACTIVATING NEW PRICES

To activate new prices from Barnet POS Manager:

- Select “Activate new prices”
- Remove any items you do not wish to update
 1. Highlight the item
 2. Go to Abandon Changes > Selected Items
 3. Repeat this step for all product that you do not want to update

After you have removed all SKU's that you do not want to change

- Select “Activate New Selling Prices”
- Select “All Items”
- YES to confirm

Immediately go to “Create Labels”

- Select “activated prices”, then Go
- Open Label maker and Print new labels

If you forget and update or create any other labels before printing these labels you will have to manually enter the items from “Create Labels” in Barnet POS Manager.
