

Field of activity:

Hazard to man and environment

Danger

H315	Causes skin irritation.
H318	Causes serious eye damage.
H411	Toxic to aquatic life with long lasting effects.

Preventive measures and rules of conduct

P102

Keep out of reach of children.

P264

Wash hands and face thoroughly after handling.

P273

Avoid release to the environment.

P280

Wear protective gloves/protective clothing/eye protection/face protection.

P302+P352

IF ON SKIN: Wash with plenty of water/soap.

P305+P351+P338

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P310

Immediately call a POISON CENTER/doctor.

Provide adequate ventilation, and local exhaust as needed. Dust should be exhausted directly at the point of origin.

Avoid contact with skin and eyes. Change contaminated clothing. Do not breathe dust. Have eye wash bottle or eye rinse ready at work place. Wash hands before breaks and after work. When using do not eat or drink.

Respiratory protection:

In case of dust formation: Half mask with particle filter P2/P3 according to OSHA Standard - 29 CFR: 1910.134 or ANSI Z88.2.

Hand protection:

In case of prolonged exposure:

Protective gloves according to OSHA Standard - 29 CFR: 1910.138.

Glove material: Nitrile rubber-Layer thickness: 0.11 mm.

Breakthrough time: >480 min.

Observe glove manufacturer's instructions concerning penetrability and breakthrough time.

Eye protection:

In case of prolonged exposure: Tightly sealed goggles according to OSHA Standard - 29 CFR: 1910.133 or ANSI Z87.1-2010.

Reaction in case of danger

Avoid contact with skin and eyes. Avoid generation of dust. Do not breathe dust.

In case of prolonged exposure: Wear gloves and safety glasses.

In the case of the formation of dust: Respiratory protection mask with adequate filter. Provide adequate ventilation.

Extinguishing media:

Product is non-combustible. Extinguishing materials should therefore be selected according to surroundings.

Extinguishing media which must not be used for safety reasons:

Full water jet

Accidental release measures:

Avoid generation of dust.

Collect dry and place in appropriate containers for disposal. Subsequent cleaning.

To clean the floor and all object contaminated by this material, use water.

Field of activity:

First aid

In case of inhalation:	In case of dust formation: Provide fresh air. In case of respiratory difficulties seek medical attention. If breathing becomes irregular or ceases, apply rescue breathing or artificial respiration immediately, where required supply oxygen.	
Following skin contact:	After contact with skin, wash with soap and plenty of water. In case of skin irritation, consult a physician.	
After eye contact:	Immediately flush eyes with plenty of flowing water for 10 to 15 minutes holding eyelids apart. Subsequently consult an ophthalmologist.	
After swallowing:	Never give anything by mouth to an unconscious person. Rinse mouth with water. Repeatedly drink water. Do not induce vomiting. Consult doctor afterwards.	

Appropriate disposal

Waste key number	20 01 29* municipal wastes: Detergents containing hazardous substances * = Evidence for disposal must be provided.
Product:	Dispose of waste according to applicable legislation.
Waste key number (EU)	15 01 06 Mixed packaging
Contaminated packaging:	Rinse with water. Wrap waste as is appropriate for the type of material. Single packs can be disposed of together with household waste.
