

## Education

---

**Boca Raton, FL**

**BOCA CODE**

Oct 2022 – Dec 2022

- Software Engineering Career Course

## Technical Experience

---

### Projects

- **Show-up (2022)** contributions added to start-ups mobile & web app at 1909 co-lab event. I then secured an unpaid internship to further work on the project upon completion of my career course at Boca Code. -Tech used : React, Ionic, Semantic, Tailwind CSS, [Live](#) | [Repo](#)
- **Voting App (2022)** this was an app I was a part of building. It was used at an Ignite Florida event during a pitch competition. The judges are able to vote as well as the audience . Worked on the styling and functionality of multiple pages. -Tech used : FERN stack [Live](#) | [Repo](#) | [Repo](#)
- **Album List (2022)** Deployed a simple full stack application, that allows you to add albums to list. -Tech used: FERN, Firebase/Firestore, Express, React, Node.js [Live](#) | [Repo](#)

## Publications

---

- Publication here

## Languages & Technologies

---

- **Frontend:** React, Javascript, Bootstrap, HTML & CSS, Tailwind CSS, AntD
- **Backend:** SQL, PHP, Python, Node.js.
- **Technologies:** Express, Git, GitHub, PostgreSQL, MongoDB, Firestore

## Skills

---

- Scrum, Leadership, Coachable, Team-oriented, Personable, Resilient, Self-motivated, and I tell people I can surf. It's more continuing to go out and get beat- up by waves than anything.

## Employment

---

**Software Engineer Intern**

**ShowUp**

**Nov 2022 - Present**

- So far I have implemented Zendesk to their webpage. I added a simple Zendesk Chat app, and a link to a help page I designed. Projects to come are: Photo-cropping feature on mobile app, and video rendering to their mobile app.

**Foreman / Project-manager**

**Gardner Building Group**

**Dec 2021 - June 2022**

- On-site Kept the pace of various contractors. Analyzed project every day and set goals based on what our goals were for the week. Kept sight clean and safe for every contractors job to be done. Picked up material when needed for any number of projects. My role would shift day to day. I helped maintain a profitable pace amongst 4 - 8 projects, each needing 5 - 8 different contractors.

**Funding Specialist.**

**Atlas One Fund Inc**

**April 2021 - Dec 2021**

- Analyzed customers financial situation. Paired them with the best funding Option I could. Used a CRM to keep track of potential customers. Worked hard to improve companies financial situation.

**Pipe-layer / Operator**
