SKILLS

- **Languages**: JavaScript | TypeScript | Python | SQL | HTML | CSS
- **Technologies and Tools**: React | Node.js | MongoDB | PostgreSQL | Firebase | Express | Git | Postman
- **Methodologies and Processes**: Agile | Scrum | Kanban

PROJECTS & COURSEWORK

Boca Code – Software Engineering Course (December 2022) | Boca Raton, Florida
- 400 hour, full-time career course covering front-end and back-end software development.

CinaList – React, Node.js, Express, MongoDB, Azure, Firebase (2022) – FE Repo | BE Repo
- Created a full-stack web application which allows users to search though a large collection of movies and add specific movies to any of three separate lists corresponding to movie watch status.
- Implemented functionality which permits users to transfer a movie to another list, or remove a movie from a list, which triggers a re-render of the list and automatically displays the updated content of such list.
- Incorporated Firebase authentication and allow users to authenticate through Google Sign-in.
- Styled using CSS and incorporated UI components from Ant Design, a React UI library.

Photo Uploader – React, Node.js, Express, Firestore, Firebase (2022) – FE Repo | BE Repo
- Developed a full-stack web application which allows users to upload desired photos, which are then displayed on the homepage, and include a short description related to the relevant photo.
- Implemented a like button feature in order for users to express their enjoyment of certain photos.

Voting App – React (2022) – Repo
- Created, as a member of a team, the front-end portion of a voting web application used by RaiseLink, a startup matching platform, which served as a medium for users to cast their votes during a pitch event.
- Implemented conditional rendering allowing welcome banner to change style/text based on type of user.

WORK EXPERIENCE

Lowenstein Sandler LLP | New York, New York
Counsel – Investment Management (Nov 2019 – Mar 2022)
- Represented private funds and investment advisers with respect to formation and their operational needs.
- Coordinated and led fund formation and launch processes, including drafting fund documents, regularly communicating with clients to understand their needs and negotiating investment terms with investors.

Schulte Roth & Zabel LLP | New York, New York
Associate – Investment Management (Oct 2015 – Nov 2019)
- Advised private funds and investment managers in connection with their formation and operational needs.

EDUCATION
