Skills

- JavaScript
- HTML/CSS
- React
- Teamwork
- Public Speaking
- SQL

Past Experience

June 2022 - July 2022

Aid to Victims of Domestic Abuse, Delray Beach - Front Desk Volunteer

- Operated and managed phone systems
- Assisted event decoration creation
- Organized and received donations

Education

September 2021 - May 2025

Florida Atlantic University, Boca Raton - Bachelors in Computer Science and Computer Engineering

Dual enrolled at Florida Atlantic University as a non-degree seeking student with a concentration in Computer Science

July 2022 - August 2022

Boca Code, Boca Raton - Software Engineering Certificate

Trained alongside adults to create and develop websites using JavaScript with React as well as CSS. Additionally deployed REST API's to connect front-end websites to a database with user authentication for website encryption.

Projects

Calculator App with React

Using React JS, I created a calculator web application that implemented advanced React hooks.
