21.2 Cu.ft. Upright Freezer

Model-FV21C7HWE

Big Capacity and Bigger Flexibility

With a huge 21.2 cubic feet capacity, this Hisense upright freezer offers excellent storage for every frozen treat you can think of with even more capacity in easy-to-use door bin storage. The Hisense Multi Flow cooling system continuously moves cold air throughout the freezer, keeping the temperature even throughout, no matter where in the freezer your food is stored. With new features that allow you to switch between freezer and fridge temperature settings, the FV21C7HWE provides reliable frozen & fresh storage for families of any size! Avoid your kids playing Tetris with your frozen food, while looking for popsicles with the flexible interior organization options available on this upright freezer. Did we mention it's E-Star® certified?

2-in-1 Freezer or Fridge

Experience the convenience of a freezer that seamlessly adapts to your needs, effortlessly transitioning to refrigerator settings and temperature with a simple adjustment.

Easy Pull Basket

The movable basket provides a metal glide runner, so you can easily access big items quickly and conveniently in your basket inside.

Total No Frost

Save time constantly defrosting and chiseling away the ice in your freezer again with our frost-free design. Let us do the work for you.

Digital Temperature Gauge

Easy to see, easy to control.

Energy Save Mode

Don't make your compressor work overtime if your freezer isn't full. This mode helps keep cooling at a consistent safe temperature without using more energy than is needed.

External Handle

The external handle offers you better grip when opening and closing.

Fast Freeze Function

Use when you need to freeze larger amounts of fresh, unfrozen food. The faster your food is frozen, the better quality it will be when the food is thawed.
