FEATURES & BENEFITS

- Multiple wash types**
Wash modifiers allow you to use specialized cycle settings. Quick delivers faster with no performance reduction, Sanitize provides extra protection from bacteria, and Extra Dry is perfect for plastic dishes.
- Ease of use**
The DishDrawer™ Dishwasher features smooth open and close action, and flexible racking allows adjustment for dishes of all shapes and sizes. The taller top drawer provides extra space for

large dishes.

- Beauty of choice**
As much a high performance appliance as a design component, the black DishDrawer™ Dishwasher brings a touch of sophistication to your kitchen, whether on its own or part of a matching kitchen appliance set.
- Independent washing**
With the ability to use both drawers independently and select different wash programs, the DishDrawer™ Dishwasher can wash everything from fine glass and crystal to heavily soiled pots and pans.
- True Half Load**
Each drawer holds a true half load for small, fast dish washing that won't waste water. Both drawers operate independently so different wash cycles can operate simultaneously to accommodate varying loads.
- Quiet performer**
The DishDrawer™ Dishwasher does its job without making a fuss - running at a very low decibel rating, they produce little in the way of noise.
