ELICA'S EXCLUSIVE
PLUS FEATURES

With a compact 4 ¾" height, Bellagio is an ideal choice where under-cabinet space is limited. An upgraded 4-speed, 430 CFM internal blower provides sufficient ventilation power for most kitchens. Bellagio also offers convenient LED Lights, dishwasher-safe, anodized aluminum mesh filters and multi-function electronic controls with LCD display.

Available in 30" or 36" width, Bellagio is designed for standard ducted installation, and can also be installed as a recirculating system using the Recirculating Kit, available as an accessory.

- ≥24"
- ≥30"

PLUS FEATURES

3X LAYER GREASE FILTER - Elica aluminum mesh filters are a step above competition, featuring triple layered, anodized aluminum that is woven into a highly dense mesh. The thick mesh captures more grease, anodization helps resist staining and provides durability to repeated cleanings in the dishwasher.

CFM REDUCTION - CFM Reduction System (CRS), is an exclusive feature to Elica hoods, which enables the user to reduce the maximum blower CFM, to meet local code requirements.

HEAT GUARD - A safety feature that protects the hood and cabinetry from excessive heat, by sensing extreme temperatures (> 316 °F) and will automatically adjust the blower speed to HIGH. Blower speed will automatically adjust back once temperatures drop to a safe level.

LED LIGHT - LED lighting is undoubtedly the smartest solution in terms of energy saving. Expected life is over 20,000 hours, and should last the full life of the hood.

HVI Certified Ratings	High Speed	Working Speed	Duct Size
CFM	380	150	3.25 x 10" (Horizontal)
Sones	8.5	1.5	
CFM	370	150	3.25 x 10" (Vertical)
Sones	9	2	
CFM	390	160	7" vertical
Sones	7	1
