Description :

PDF-15cd0 | What would it mean to map out the possibilities of a social scientific inquiry that makes the relational, creative, and embodied dimensions of storied knowledge and its production prominent? How might researchers engage memory, affect, and the arts in order to intentionally and meaningfully blend the cognitive acts of discursively conveying and receiving story with the somatic states of both the r... *Invoking Mnemosyne: Art, Memory, and the Uncertain Emergence of a Feminist Embodied Methodology (Bold Visions in Educational Research)*
