by by A.V. Senthil Kumar : **Mobile Computing Techniques in Emerging Markets: Systems, Applications and Services (Premier Reference Source)**

ISBN : #1466600802 | Date : 2012-01-31

Description :

PDF-3890f | Mobile computing facilitates data transmission without needing to be connected to a fixed physical link. Mobile voice communication is widely established throughout the world and the number of subscribers to various cellular networks has increased considerably over the last few years. An extension of this technology is the ability to send and receive data across these cellular networks. Mobile dat... *Mobile Computing Techniques in Emerging Markets: Systems, Applications and Services (Premier Reference Source)*
