Cesar Montilla

Front End Developer

THIS IS MY STORY:

Initially an architect, but now passionate about programming and UX/UI design, I specialize in creating impactful web experiences. I combine skills in HTML, CSS and JavaScript with experience in React to transform designs into intuitive and attractive interfaces. My focus is to not only create functional applications, but also ensure an exceptional user experience, always keeping up to date with the latest trends in design and technology. I'm ready to take your project to the next level
