BOOKING INFORMATION

- This information is required so that we can have gear ready for you to try on when you arrive. Size adjustments can then be made if required.
- If clothing is required, please advise your regular clothing size so we can have it ready for you.
- Completed booking sheets are required at least 5 days before gear pickup. All size information is required before we can confirm your booking.
- Once your booking is confirmed, you will receive a confirmation email from our booking system.
- Please ensure all size information supplied is accurate and not estimates.
- Groups larger than 20, please use an additional copy of this sheet.

HOW TO MEASURE FOOT SIZE

Stand barefoot on a sheet of paper with your heel against a wall. Mark the tip of your longest toe and measure from the wall to the mark with a ruler. Record in millimetres (mm), e.g. 245mm.

CLOTHING SIZES

Use your regular clothing size. Adults: S, M, L, XL etc. Kids: K4, K6, K8 etc. Après (snow play) boots: use shoe size, e.g. M10, L8, K4.

SKIER TYPE & SNOWBOARD STANCE

Type I: You are a beginner, haven't skied in years, or prefer to ski very slowly and cautiously. It is much safer to have your ski pop off too easily than not at all.
Type II: You are an intermediate skier who comfortably cruises down blue trails at moderate speeds. If you do not fit Type I or III, Type II is the standard default for most recreational skiers.
Type III: You are an advanced skier who aggressively charges down steep black diamonds at high speeds. Never choose Type III just because you can ski down a black run. Only choose it if you need your skis to stay locked on during high-speed, high-force turns.
Snowboard stance (boarders only): which foot leads, Left or Right.

Please email your completed sheet to talbingo@goplayoutside.com.au at least 5 days before gear pickup. Questions? Call (02) 6936 0951.
