

Stay with us at
Leona Amarga

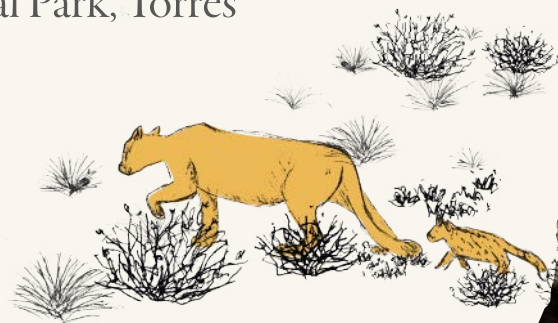

An all-inclusive experience with accommodation!

Leona Amarga guest house

Experience the simple life just beside
the Land of the Pumas

At Leona Amarga, we are now offering a 100% personalized experience with accommodation for guests who are doing activities with us. We are located just 5 minutes drive from The Land of the Pumas, the area where we operate, and from our guest house, we have a beautiful view of the three iconic towers of the National Park, Torres del Paine.

We are located in a remote area

We are located in a remote, dry area with limited resources like water and electricity, and we are therefore very conscious about the use of these two resources. It is therefore very important that our guests are aware of and accept these conditions when staying at Leona Amarga.

The water we use for the showers, toilets, and the dish wash comes from a natural water source, not far from the property, and we collect it in a water tank at Leona Amarga. There are no water pipes or running water at the property, we, therefore, encourage our guests to be conscious about the use of water by taking short showers. Electricity comes from our solar panels (220V) that provide light and electricity for minor equipment e.g. charging batteries, and refrigerators, but not for household devices like hair dryers and electric kitchen equipment. We do not use generators to minimize the use of combustibles and noise.

We try to recycle as much as we can by dividing trash into organic trash for compost, carton, paper, bottles, and cans, and we encourage our guests to do the same.

Leona Amarga Puma guest dome

This dome was built in early 2023 and is separated from the container houses of Leona Amarga, with a beautiful view of the three iconic towers of the national park. Surrounding the dome is a wood deck, perfect for enjoying the view on days with good weather. The wind in this area is powerful, and you will experience the power of nature on windy days, but no worries, we have put up a barrier to minimize the impact and the dome is *Patagonia-approved*.

We have different accommodation options to make your stay a unique experience!

About the place

The dome is 7 meters in diameter and consists of 2 single beds, bed tables, and a living area with a table and chairs.

As heater, we have installed a wood pellet stove. Connected to the dome is the bathroom.

There is the option of 2 single beds, or to put these two beds together as a Super King bed.

We will be waiting
for you!

Included

All meals (breakfast, lunch, and dinner)

A beverage for each meal

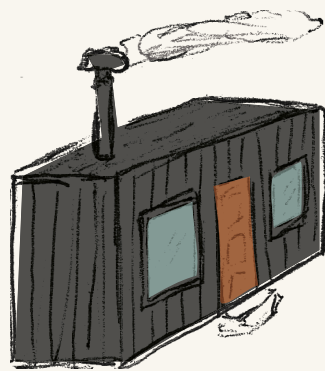

Parking at the property

Amenities (soap-shampoo-conditioner).

We use the brand MAJEN, premium quality made 100% in Chile, and certified Carbon Neutral & organic.

Internet: This area has very little to no phone or internet cover, and where Leona Amarga is located there is no cover at all. If you need an internet connection, we have installed Starlink on our property, providing WiFi, in the common area.

We strive to give you the best experience during your stay, and we hope you will enjoy it here.

LEONA AMARGA

Guest House

We strive to give you the best experience during your stay, and we hope you will enjoy it here. The place is located in a remote area with the nearest supermarket 90 km away, and this is why we need little information from you, about what you prefer to eat, to be able to accommodate your wishes.

Therefore, we have made some different options, where we kindly ask you to inform us if the breakfast to-go is good for you, and which breakfast, lunch, and dinner you would prefer during your stay.

Let us know if you have any food restrictions, if there is something specific you don't like, or if you prefer your food in a certain way. The experience here is personalized, so we will accommodate it for you.
