CMMO VISION INTERNATIONAL ACADEMY

Kodungallur, Thrissur, kerala, India , 680669

The Kodungallur Cheraman Malik Manzil Orphanage has been a refuge for the helpless, destitute, and orphaned children for over 70 years, providing them with both spiritual and worldly education. Located opposite the Cheraman Mosque, this institution was established by the selfless reformer and visionary Marmam Manappattu P. Kunhumammed Haji.

With the aim of nurturing orphaned and destitute children into responsible citizens of society and the nation, he founded the orphanage, along with a school and a vocational training center. Over the years, those who led the institution have worked hard to uphold its mission, ensuring that it grows into a well-respected and influential organization. By the grace of Allah, their efforts have been successful, and the institution continues to thrive as a symbol of service and dedication.

CMMO Vision International Academy Kerala (franchise of VIA-Phulath, UP) is a residential educational institution which aims to transition bright Hafiz e Quran to formal education.

The objective of Vision International Academy is to identify bright and young Hafiz-e-Quran with an inclination for modern education and take them through a specially created education program to pass 10+2 exams and secure admission in top grade institutions to continue higher education in engineering, medicine, science, social science and law etc.

These students will become empowered citizen of India and role model for the community. The academy is located in Kodungallur, Kerala which is opposite of India's most famous first mosque Cheraman Masjid and about one hour drive from Thrissur Railway station.

Academy has well qualified and experienced faculty for all subjects. Regular workshops by subject matter experts from different domains are planned for students as well as staff.

Students are given relevant personalized coaching and guidance as per their need. They are mentored as per their interest and aptitude admission in the premier institutions of the country.

Typically, the course duration for a student who enters at the foundation stage is five years.

Orientation Program:

Two weeks module to set tone for next 5 years intensive learning regimen.

Foundation Program:

For focussed modules of English & Hindi, Mathematics, Science & Social Science each for taking all the students to the class 9th level of CBSE English medium curriculum.

Regular Program: Students after completing foundation programme, will start the third year as regular students of Class 10th and continue sequentially to Class 11th & 12th in the fourth and fifth year respectively.
