CRESTCHEMICALS

PPW-21
Aircraft Exterior Cleaner

Description
Crest PPW-21 is a heavy duty, non-flammable, solvent type liquid cleaner formulated to clean aircraft exteriors. Crest PPW-21 removes dirt, grease, grime, light carbon, and exhaust stains from painted or unpainted aircraft surfaces. It is free rinsing and will not streak, or craze Plexiglass when used as directed. Crest PPW-21 is a solvent based cleaner that can be applied by mop, spray, sponge, brush, or foam generator. It is a pleasant product to use thanks to the incredible strength of Crest PPW-21 solvent cleaning action.

Crest PPW-21 is non-corrosive to aluminum, magnesium, cadmium, anodized surfaces and ferrous alloys. This product will not cause embrittlement of high strength steel, will not craze Plexiglass, and will not attack asphalt.

Specifications
This product meets or exceeds all qualifications for the following:
- A-A-59921 Class IA
- MIL-C-43616C Class I
- MIL-C-43616C Class II

Method of Use
Application Methods
- **Spray:** Apply with high pressure spray equipment, or with a barrel pump.
- Manual Application
- Foam Generator

Mixing Instructions
- Maximum Concentration for cleaning extreme cases: 1 part PPW-21, 4 parts water
- Commercial aircraft cleaning: 1 part PPW-21, 8 parts water
- Normal cleaning of private craft (hand cleaning): 1 part PPW-21, 10 parts water
- Light Duty & Interior Cleaning (sponge and wipe dry): 1 part PPW-21, 16 parts water

Application Instructions
1. Spray the mixture on the part that is being cleaned.
2. Allow to dwell for at least 5 to 10 minutes.
3. Brush the part to loosen difficult to remove soils.
4. Rinse with high pressure water to remove the soil and the cleaner.
    - Do ***not*** allow cleaner to dry completely as it complicates soil removal.

Caution
Refer to product labels and Safety Data Sheets for precautionary and handling information.

Product should be stored at no lower than 50°F and no higher than 100°F.
