CRESTCHEMICALS

Stripper 1 Thin

Heavy Duty Tank-Type Stripper

Description

Crest Paint Stripper 1-Thin is a light brown, heavy duty stripper that is normally used in a dip tank. The stripper will remove carbon, epoxy paints, urethane paints, and other difficult to remove paints from metal surfaces.

- **Evaporation:** This stripper has a water seal that retards evaporation. If the seal is maintained, the product will last a long time.
- **Corrosion:** Crest Paint Stripper is not corrosive to aluminum, steel, magnesium, cadmium, and anodized aluminum. This product will not cause hydrogen embrittlement to high strength steel.

Specifications

This product meets or exceeds all qualifications for the following:

- MIL-R-83936

Method of Use

Application Methods

- Immersion

Concentration

- Use product as received.

Application Instructions

- The stripper and paint residues should be rinsed with high pressure water or with a steam cleaning machine.
- Slight brushing during rinsing may be needed to help remove all paint residues.

Caution

Refer to product labels and Safety Data Sheets for precautionary and handling information. Product should be stored at no lower than 50°F and no higher than 100°F.

Warranty and Liability Disclaimer

The above information and recommendations concerning this product are based upon our laboratory tests and field use experience; however, since conditions of actual use are beyond our control, any recommendations, or suggestions, are made without warranty, expressed or implied. Manufacturer's and seller's sole obligation shall be to replace that portion of the product shown to be defective. Neither shall be liable for any loss, damage or injury, direct or consequential, arising out of the use of this product.
