## I Wonder Lesson 1

**Lesson Title:** Where is God and Why Doesn't He Fix the World's Problems?

**Main Idea:** Even though God is invisible, there's evidence of His existence all around us. His creation shows us His wisdom and power. If we want to be wise, we should seek to know God better.

### Key Points:

- God has revealed Himself through His creation.
- The intricate design of the universe points to a wise and powerful Creator.
- By studying creation, we can learn more about God and His character.

### Bible Verses:

- Romans 1:20
- Psalm 19:1-2
- Proverbs 1:7
- Isaiah 40:28
- 1 Corinthians 1:25

### Memory Verse:

The heavens proclaim the glory of God. The skies display his craftsmanship.  
Day after day they continue to speak; night after night they make him known.  
Psalm 19:1-2, NLT

### Activity:

- Object Lesson: Using a tennis ball and flashlight to demonstrate the Earth's rotation and orbit around the sun, and how God's careful design sustains life.

We encourage you to discuss these concepts with your child at home, asking questions like:

- What did you learn about God today?
- How does creation show us God's power and wisdom?
- Why should we want to know God better?

Thank you for partnering with us in your child's spiritual growth.
