

I Can Explain song

Where did all the money go?  
Did it just sprout wings and fly?  
It appears to have somehow disappeared  
And we're here to find out why

(I can explain!)  
These costs for renovation  
(I can explain!)  
Is this up to regulation?  
(I can explain!)  
This overcompensation  
(I can explain!)  
A rodent infestation?  
(I can explain!)  
This property tax abatement?  
(I can explain!)  
Appears to be a misstatement  
(I can explain!)  
And this whole furnace replacement?  
(I can explain!)  
Can you show us to the basement?

These structural improvements do not appear to have been made  
This discrepancy in equity; this invoice has not been paid  
Your indicated operational expenses far exceed the income you have stated  
For our records we will need: original receipts, permits, invoices, cost of meals,  
Medications and utilities (We'll see what he conceals)

(I can explain!)  
This long list of expenses  
(I can explain!)  
Full of countless tax offenses  
(I can explain!)  
Is an insult to our senses  
(I can explain!)  
Please dispense with the pretenses

BREAK –

It appears our calculation warrants further investigation  
And be warned this conversation may be used as indication  
Of your blatant violation of:  
Chapter 1, Title 26, Section 1, IRC Statute 7201 indicating...

TAX EVASION!!!

(Tax Evasion??? – he faints)

(But I can explain!)

Nurse, get this man a gurney

(I can explain!)

(I can explain!)

And prepare your upstate journey...
