“The start of something new”

P A I N

Upon her chest is much much pain
Mistaken lover after lover drove her to this lane
A path that is dark and cold
In her heart is grieve she holds
A loner young girl lost in her thoughts
You thought she was alright, but it was the smile you bought
She hides her emotions and feelings inside
She said she was ok, but of course it was a lie

The Guy

Let me tell you about this guy, a guy I loved a while ago
But it's funny how we broke up, he simply left me for a whore
Now we had plenty of great moments we shared
But it started to seem as he just didn't care
Now trust me on this, I loved him with all my heart
But I knew I shouldn't have even kissed him from the start
Now hear me out, he treated me with all respect
But from his past life and his exes I should've known what to expect
He was a gentleman for sure and had me always feeling great
But let me ask a few ladies who already could relate
Who would've known he'd have me feeling that way
Had me longing for him more and more each day
He'd always compliment my smile and the way I look
And he'd make me all gushy like I'm reading a romantic book
But it is certain he was just putting on a show
Because it was easy for him to let me go

I Am A Woman

I AM A WOMAN

I was a helpless growing tree with barely fruit to spare
A young single-minded girl, who at a time didn't care

I AM A WOMAN

I was played with like a child
Mind growing and becoming a teen I was wild

I AM A WOMAN

I bled from a place on the inside but didn't die
My heart was left broken plenty of times and yes I did cry

I AM A WOMAN

I used love that was lost to become strong
And now it is easier to write my wrongs

I AM A WOMAN

I began to grow, you could see the glow on my skin
A pure in heart girl I was relieved of sin

I AM A WOMAN

I took on life and handle it with care
Now look at me, a tree with plenty of fruit to share

I AM A WOMAN

Conquer

I pray to the Lord to give me peace
And I try to do what's right
I pray the Lord watch over my soul at night
I won't lie I know I did some wrong
But I pray for forgiveness as I write this song
The devil be speaking in my thoughts
Try to conquer me with my faults
But this battle won't end I will fight against unholiness and sin
So lord I pray you take me in and show me the right way to go
Give me wisdom and understanding to know
That you are BIGGER than anything or anyone I face
Help me O Lord to win this race

My Love I Dream

I dream of you day and night
That one day I'll be in your arms holding me tight
I dream to lay in the same bed as you
Lord knows the things we may do
I dream of us being together each and every day
With nothing in this world standing in our way
Till death due us part
You're the only one who holds the key to my heart
You showed me that love wasn't just a dream
And that there's more to it than it seems
You showed me all guys aren't the same

2019

“The writer’s mind begins to expand.”

Juliet & Romeo

I'm Juliet at Romeo's balcony crying out for my love
I can't seem to get close to you my angel from above
The power of Love is stronger than any force
I can see you now, my knight on a white horse
A teenage tragedy we have to live through
The things I have to fight against just to be with you
Parting is such a sweet sorrow
My love I'll see you again tomorrow
So I can hear your voice once again
May the heavens be disgusted from our sin
For how can I depart myself from smothering in your bed?
My Romeo, how I wish one day we could be wed
