As you drift to sleep, feel my essence engulfing your body with each breathe you take. With each breathe exhaled you drift deeper and deeper into the place of ultimate release. Your nectar showers my essence with the joy of the most precious gift that you can give. The gift of your trust and love. The gift of being your Husband. The gift of bringing forth the life that our love has manifested. The gift of dancing eternally with your infinite partner. The partner built to fulfill all your needs. To protect you physically, spiritually and mentally.

When you awake, you will know that I have been there☺
