

Getting High

by Ron Hardy

Getting high is an illusion,

That causes mass confusion,

Which lingers way after

Your highs conclusion,

Your vision is impaired,

Your mind is dismayed,

With thoughts that are wildly displayed,

There you are dreaming of euphoria

Searching for that lost place of Utopia,

Getting high feeling no pain of any kind,

Only to come down and realize,

That it was only in your own damn mind.....

Ron Hardy /1980
