

## For Shreveport Foodies

Who knew we would change?  
And offer such a food range  
Cheers to Mahaffey for leading the way  
And Gabriel, Hardette and Pansou for saving the day  
Pete Harris Café set the bar  
And Orlandeaux's tartar sauce is the best by far  
Dahn's garden is an exotic delight  
And Athena's joined in the fight  
You can't forget Lucky Palace at all  
Those truffle chicken wings will make you fall  
Talk about tantalizing your taste buds  
Chianti's selections are true words  
Let me explain a thing or two  
How did we get blessed with so many foods?  
Ki-Mexico, Parish Taceaux, and Superior Grill  
Delight the tongue and leave a thrill  
Abby's Singer's Bistro in classic Tootie style  
Will keep you eating and drinking for a while  
There's Marilyn's Place, Herby K's and Crowdaddy's too  
There's a plethora of foods you can do  
I'd be remiss if I don't say

Try vegan and vegetarian, you might get carried away
