Greetings,

After reviewing the 5-year Interim Progress Report (IPR) submitted by University of Southern California, the National Architectural Accrediting Board (NAAB) has concluded that the program has demonstrated progress toward addressing some deficiencies, but is required to provide the Long-Range Plan for the school, including a financial plan. The program is required to submit a narrative in its next APR outlining how these deficiencies have been addressed, and provide evidence of such at the next accreditation visit.

Please note that Statistical Reports are still due annually.

If you have any questions regarding this matter, please contact the NAAB office.

Very truly yours,

Barbara Sestak, FAIA  
President
