

CERTIFICATE

DIGITAL PRODUCT SCHOOL

AFFAN AHMED

completed the interdisciplinary program **Digital Product School** from
12 Sept 2022 – 2 Dec 2022 as an **AI Engineer** of team **Peak Coders**.

ABOUT

Digital Product School is a program by UnternehmerTUM GmbH. Designed as a 3-month full-time program, DPS combines workshops and coaching with hands on experience in digital product development. Students and recent graduates work together in interdisciplinary teams with employees of our partner companies to develop digital solutions using user-centric, lean and agile methodologies.

Afsaneh Asaei, Head of Artificial Intelligence
Munich, 2 December 2022
