

## **Sanitary Product Use Permission Form**

Dreamers Child Care uses unscented, alcohol free hand sanitizer (*Babyganics or equivalent*) when necessary. Hand sanitizers may be used during outside play, field trips and etcetera.

Dreamers Child Care also uses unscented, alcohol free hypoallergenic wipes (*Huggies, Baby Basics, and/or equivalent*), when necessary. These wipes are used when personal diapering supplies have run out and have not been resupplied by the parent/guardian, as well as during cleaning activities during the day and etcetera.

Dreamers Child Care also uses sunscreen made for children (*Banana Boat, Babyganics, etc*) during the sunny summer months in order to protect children's skin from the sun's harmful rays. Sunscreen is only applied to your child's skin that is not covered by clothing, which includes their face, arms and/or legs. Gloves are used by our staff and are disposed of after each child to ensure cleanliness.

I agree to allow Dreamers Child Care to use the above stated products on my child(ren):
