III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The **Long version** of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

IMPORTANT

- Entries must be made by NFs through the FEI Entry System for all categories of this Event (<https://invitation.fei.org/login>);
- Additional documentation can be found at: <https://inside.fei.org/fei/your-role/it-services/fei-entry-system/fei-entry-system-jumping>;
- All Athletes and Horses participating in any International Competition must be registered with the FEI;
- Athletes and/or Horses present at the Event without having been entered through the FEI's Online Entry System will be automatically disqualified unless compelling circumstances warrant otherwise.

GROUP INVITE INFORMATION Group 1

• Group 1 consists of 30% of the number of athletes participating and will be athletes taken in descending order from the Longines Rankings applicable for that specific Event hosting MLSJ.

Group 2

- Group 2 consists of 30% of the number of athletes participating and will be team athletes taken from the Longines Rankings top 250 as of August 31, 2021 for the 2022 season (maximum 2 per team). Team athletes are athletes participating in the MLSJ team competition taking place during the Event hosting MLSJ. The unused Group 2 invitation(s) are reallocated to Group 1 and will only revert to Group 3, respectively to Group 4, after the substitution deadline (refer to the last bullet point of this section for details on reallocation of unused places after the substitution deadlines).
- At least one athlete per MLSJ team must come from Group 1 or 2. If already three (3) athletes of the same MLSJ team are entered under Group 1, the same team cannot enter a fourth athlete under Group 2.
- Substitutions are taken in descending order until 15 days prior to the start of the Event (this applies also to the FEI wild card); for Events where air transportation is required for horses, due to the requirements for horse flights and health documents, the deadline is 45 days before the Event. After the 15 day deadline for Events where air transportation is not required for horses, any unused places will be allocated by the OC (Group 4). After the 45-day day deadline for Events where air transportation is required for horses any unused place(s) will be allocated by the home NF (Group 3).

Group 3

- Group 3 consists of 10% of the number of athletes participating. Group 3 consists of 1 FEI wild card and home athletes selected by the home National Federation (NF).
- The home athletes are selected by the home NF and the FEI wild card by the FEI. Should the NF and/or FEI not be able to meet its quota of athletes in this group, the quota will be filled by inviting additional athletes by the OC
- If any event has not filled its quota of 50 athletes after all re-allocations have been made under Groups 1, 2 and 4, any remaining invitations will go to the home NF.

Group 4

- Group 4 consists of 30% of the number of athletes participating selected by the OC. The invitations in Group 4 can only be used to invite MLSJ team athletes (so that each team participating in the MLSJ Event has 4 team athletes). It is not obligatory that the athletes be chosen from the Longines Rankings. If less than 20% of the athletes have to come from Group 4 in order to accommodate MLSJ teams, the OC can invite individual riders up to 20%. The unused Group 4 invitation(s) are reallocated to Group 1.
- The total number of athletes participating in Groups 1, 2, 3 and 4 shall be according to the approved FEI schedule; provided, however, that the percentages of athletes in Groups 1, 2, 3 and 4 shall be 60% for Groups 1 and 2 (30% for each); 10% for Group 3; and 30% for Group 4.

Group 5

Group 5 consists of additional team athletes.

Group 5 does not count for the percentages of the invitation system. Athletes in Group 5 are invited only if and to the extent to complete the maximum of 4 athletes per team for the MLSJ Event. So if a MLSJ team has 4 team

athletes pursuant to Groups 1, 2, 3 and 4, no athlete will be invited in Group 5.

TEAM COMPETITION DESCRIPTION

Format (Run at each event) one round and two jump-offs over a shortened course. The first jump-off will include the top four placed teams in round 1, and will determine qualifying for the second jump-off. The second jump-off will determine podium placings; no rider will jump-off twice. Initial round and subsequent jump-offs to take place in one day, with no horse or rider jumping more than one round and one jump-off. The team competition will not count towards the Longines Rankings, however a points group C table A competition will run concurrently which will count for the Longines Rankings. Individual athletes (participating in the CSI5*) in addition to team athletes, will be allowed to compete in the MLSJ team competition. The prize money for the individual competition will be distributed amongst team and individual athletes, based upon their individual classification of the first round of the team competition. This individual competition will be a Longines Rankings competition counting for points group C. Individual athletes will compete first, followed by athletes competing on a team. Individual Placings - According to total penalties (ie penalties for faults at obstacles and/or penalties for exceeding the time allowed) and - in case of equality in penalties - according to the time incurred during the round. In case of equality of faults and time, there will be no jump-off; the athletes concerned will be placed equal first.

Round 1 - All teams compete in a team style format, with three riders per team, all three scores to count. Will be judged under table A against the clock FEI Art 238.2.1. The top four teams qualify for the FIRST JUMP-OFF by staying above the cut-off line in round 1. The combined penalties and time of all three athletes will determine placings. A team that only has two riders complete the round will place below those with three completing the round. A team that only has one rider complete the round will place below those teams who have two complete the round.

Teams with only two or only one rider completing the course will be separated by the combined penalties and time of the riders who completed the course. Team Order of go will be determined by draw at the draw party the evening before the MLSJ team competition. Teams and their managers will have the ability to create the start order of riders within each team. Team Managers must submit the order of go for their individual teams by noon the day before the team competition. The teams who do not stay above the cut-off line (5th and lower) will be placed according to combined penalties and time. In the event that any teams are tied in round 1, the tiebreaker will be determined by each team's top individual performance. In the event a tie still remains, the tiebreaker will be determined by each team's second best individual performance. In the event a tie still exists, all teams tied will advance if they are tied for a position that advances to the first jump-off. In case of teams tied advancing to the first jump-off, their starting position in the First Jump-Off will be the same as it was in Round 1.

First Jump Off (Shortened course) - In this round teams will choose two of the three riders to ride over a jump-off course. In the event only one horse on a given team is fit to compete in the First Jump-off, said team will forfeit the jump off and will be replaced in the jump-off by the next best placed team in round 1. The team having forfeited the jump-off will be placed highest among the teams not taking part in the jump-off. In the event this happens to more than one team at one event, the teams having to forfeit the jump-off will be tied for the highest placing among the teams not taking part in the jump-off and will be replaced in the jump-off by the next best placed teams in round 1. In the event only two horses are fit to compete, both riders will participate in this round, and they will forfeit their match in the Podium Jump-Off. In the event this happens to multiple teams at one event, those teams will remain tied for the highest placing of those teams not competing. Order of go will be based on qualification from round 1, with the best team going last. Team managers will have the decision making ability to create the start order of riders within each team after the completion of the initial round. This must be done within 5 minutes of the completion of Round 1. Teams will again battle to stay above the cut-off line, with the top two teams based on combined time of their two riders, advancing to the PODIUM JUMP OFF 1st Place showdown, and the bottom two (or 3rd and 4th if more than four teams advance due to a round 1 tie) battle it out for PODIUM

JUMP OFF 3rd Place showdown. Will be judged under Table C FEI Art 239 with three seconds added for a knockdown. In the event of a tie in the first jump-off, the team with the fastest individual performance will advance. In the event a tie still exists after the first tiebreaker, the team placings in round one will determine the results. In the unlikely event more than one team is eliminated from this round, the teams will advance to the PODIUM JUMP OFF round based on their placings in round 1.

Podium Jump-Off (Same shortened course as First Jump-Off)— The rider for each team that did not compete in the First Jump-Off, will compete in the Podium jump off 1st and 3rd place Showdown, competing in a heads up format over the same jump-off course. This round will be judged under Table C FEI Art 239 with three seconds added for a knockdown. The team with the fastest time in the Podium Jump-Off first place showdown will win the competition and the team with the fastest time in the Podium Jump Off third place showdown will be placed third. Order of go for the Podium Jump Off will be based on positions after the first jump off, with the best team going last. In the event of a tie, teams will remain tied, share the prize money and the points for the team standings. In the event the third rider is unable to compete in this round, their team will finish either second or fourth, depending which match they have qualified for.

Competition Eligibility – Competition Eligibility –The Team Competition is exclusive to registered team members only. Each athlete shall ride one horse during the MLSJ Team competition. A rider cannot compete on a 5* and 2* team in the same week.

Starting Order – Random draw will be conducted during a draw party at each event to determine order of go for the teams. Once the order is set, all three athletes will ride consecutively to create a team total score before the next athlete competes. Team managers must submit the order of go for their individual team to the office by noon the day before the team competition. Teams will have their riders ride consecutively in all rounds.

Athlete Declarations – The team manager will be required to declare his or her four (4) riders and horses in writing to the MLSJ office and the FEI 10 days prior to each event. Following the official declaration, no further changes can be made unless approved by MLSJ, FEI and OC of event in question.

Team Final Declarations - The team manager will declare which three athletes and horses will take part in the team competition no later than 24 hours prior to the team competition. This declaration must also be done in writing and submitted to the MLSJ office. Substitutions after the declaration can be done by following the substitution policy in section 1. If a substitution cannot be made, the team will not compete and will earn no points.

Athlete order of go - This will be decided by the Team Manager, and submitted to the League office by noon the day prior to the team event.

Withdrawals - If one team cannot participate in round 1, the round will be run with the remaining teams, with four still advancing to the First Jump-Off. A team withdrawing from round 1 will receive no prize money and no points. If one or more of the four qualifying teams must withdraw from competition following round one, they will be placed 4th, or tied for the lowest placing available. A withdrawal following round one, must be approved by the ground jury, otherwise this team will be placed 5th, and the team finishing 5th in round one, will be brought forward for the first jump-off. Similarly, if one of the qualified teams for the podium Jump-Off must withdraw, they will forfeit the final, and place second or fourth respectively.

Disqualification - If a rider is disqualified / eliminated / retires that team will finish behind teams in which all three riders completed their round. If two riders on a team do not complete their round, their team will finish below teams who had only one rider not complete. In the event all riders are disqualified the whole team will be disqualified, and will receive no points. In the event a team rider is disqualified from the entire event prior to the start of the Team Competition, the team manager will be permitted to make a substitution. If said team does not have a fourth rider at the event, the team manager may select a rider competing in the MLSJ event that is not on a MLSJ team. If a substitution cannot be found, the team will be disqualified and will receive no points.

6. TRANSPORT OF HORSES

Horses must be fit to travel and be transported in suitable vehicles for the transport of horses. Any government requirements for disease testing and control must be requested well in advance, to ensure that the horse is in compliance by the time of arrival at the border of the country where the Event is taking place. Athletes, or their representatives, have the responsibility to comply with national legislation in both their country of origin and the host nation of the Event. Where necessary athletes must contact local government authorities or veterinary advisors for information regarding animal health requirements and transport legislation. Within the European Union (EU), this includes EU Council Regulation (EC) No 1/2005 concerning the protection of animals during transport within the Member States of the EU.

7. VENUE ARRIVAL INFORMATION & FITNESS TO COMPETE

FEI Passports or FEI Recognition Cards (for those Horses with a national passport approved by the FEI) are compulsory for FEI Events.

NB: Horses entered in CIMs and in CSIP in their country of residence are not required to have an FEI Passport or FEI Recognition Card but must be properly registered with the FEI and identifiable (FEI General Regulations, Art. 137.2).

Athletes who do not present a Horse's Passport and/or Recognition Card, or one that is not correctly validated or fail to meet other passport requirements will be **subject to Sanctions in accordance with Annex VI of the FEI Veterinary Regulations** and may not be allowed to compete.

NB for Horses permanently resident in a Member State of the European Union: all Horses must have a national EU passport in compliance with EU Regulations to which a FEI Recognition card is applied. The exception to this being Horses in possession of an FEI passport which has been continually revalidated without interruption.

Horses competing at FEI Events must comply with the requirements for Equine Influenza vaccination in accordance with the Veterinary Regulations.

All FEI registered Horses intending to compete at FEI Events (including CIMs) must be vaccinated against Equine Influenza in accordance with these Veterinary Regulations. The exception being if the applicable domestic legislation prevents the use of Equine Influenza vaccines within the relevant territory.

7.3 EXAMINATION ON ARRIVAL (FEI VETERINARY REGULATIONS ART. 1029)

On arrival at an Event venue, all Horses must undergo an examination by a veterinarian to confirm their identification from their passport and micro-chip ID (where present), their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status concerning vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue.

7.4 HORSE INSPECTIONS (FEI VETERINARY REGULATIONS ARTICLES 1032-1040)

All Horses will be assessed for their fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit to compete by the Inspection Panel will not be permitted to compete.

7.5 LIMB SENSITIVITY EXAMINATION (FEI VETERINARY REGULATIONS, ART. 1046-1051 AND ANNEX VIII)

All Horses are subject to examination under the protocol for abnormal limb sensitivity throughout the period of an Event. For Jumping that includes, but is not limited to, between rounds and before the Jump Off. Horses may be examined once or on multiple occasions during the Period of an Event.

Horses may be selected for examination under the protocol randomly or they may be targeted. All Horses selected to be tested must submit promptly to the examination or are subject to immediate disqualification. There is no obligation to examine any specific number of Horses at an Event.

Organisers will have the responsibility to provide facilities and staff/volunteers to facilitate such Testing if requested by the FEI as outlined in article 22.3 of the FEIs' Anti-doping Rules for Human Athletes (ADRHA).

The ADRHA rules are published on the FEI's website at <http://inside.fei.org/content/anti-doping-rules>.

XIV. ADDITIONAL INFORMATION

1. INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

1.1 ATHLETES, OWNERS AND SUPPORT PERSONNEL

1.1.1 Personal accident and health insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

1.1.2 Personal property insurance

You should also ensure that you are insured against property loss, theft or damage, which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place, which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

1.1.3 Press equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

1.2 ATHLETES AND OWNERS

1.2.1 Third party liability insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

1.2.2 Additional liability information

No additional information

1.2.3 Horse insurance

As an Owner you should ensure that your Horses are adequately insured against any injuries or illnesses they may sustain while participating at a FEI Event.

2. PROTESTS / APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent, as mentioned in the FEI General Regulations (Art. 161-162) available at the following link:

<https://inside.fei.org/content/general-regs-statutes>

3. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

4. STEWARDING

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re- place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

5. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

6. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated

The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

- The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;
- The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the World Cup™ Competition.

For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements indicated for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
