Being Present: The Embodied Sensations of Life

- Strictly *feel* your emotions in a way that facilitates them within the quantum of who you are.

The Sensual Masculinity & Femininity: Why Do We Seek a Partner?

- People want to feel sensual beauty and tend to seek that sensation externally to satisfy their needs.
- Galban encourages people to embody what they seek from others in order to create a sensual field that is irresistible.
- Men need to embrace femininity and women need to embrace masculinity.

Manifesting Relationships: Attracting People Into Our Life

- Create an external physical motion that reflects your internal landscape.
- Be authentic about your feelings about someone. If you are attracted to someone, be brave and express it!

Vibrational Connection: The Spiritual Aspect of Our Connection

- Regardless of gender or sexuality, two partner's spiritual expression is the integral component to the expression of passion, attraction, and romance.
- This spiritual connection is key to supporting a partner's vibrational vortex anchor.

Vortex Anchor:

- The support that resides within us while simultaneously housing our energetic fields.
- These fields attract the partner that will best support your and your personal anchor
