

March 25th, 1943.

To the Jewish Communities
in South America,

Greetings:

This is to introduce to you Rabbi Nissan J. Mindel , Executive Secretary of the Merkos L'Inyonei Chinuch, who is visiting South American Jewish communities for the purpose of making a study of the religious education and training of Jewish children in those communities.

We shall greatly appreciate every courtesy extended to him to enable him to get personally acquainted with the Jewish religion classes and schools, teachers and teaching methods, curricula and textbooks, and other matters pertaining to the religious education and training of the Jewish children in your worthy community.

This information is greatly desired by our statistical department, as well as with a view to possibly making the facilities of our organization available to you for the benefit of your children.

With Torah greetings,

Very sincerely yours,

Rabbi Mendel Schneersohn,
Chairman, Executive Committee
