Montreal, Quebec
Canada

Dear Rabbi Greenglass:

Having been our representative for Canada ever since our organization has come into being nearly two years ago, you have indeed been of great help to the cause of traditional Jewish education and the dissemination of the ideals of our sacred Torah and religion in Canada, and particularly in the distribution of our publications, text-books, monthly journals etc..

However, with the growth of the scope of our work, and with a view to serve the interests of orthodox Jewish education in Canada to the utmost, we feel it is high time we made personal contact with you. Accordingly we urgently request you to please come to New York for a few days at the earliest possible time, when we could take up with you personally all the matters to be discussed and arranged.

As far as we are concerned, the best time would be the end of Elul (September) or the beginning of Tishri (October), and trust this will give you enough time to get the necessary papers and visa.

Assuring you of our appreciation and with all good wishes for a happy and prosperous New Year, we remain

Sincerely yours,

Rabbi Mendel Schneerson
Chairman, Executive Committee
