Sholom u'Brocho:

Your letter on the occasion of Purim, together with the Shallach Monos and good wishes, was duly received with appreciation, as I have acknowledged when you were here after Purim.

In connection with the approaching festival of Pesach, I am sending you a Pesach Message, where the importance of the young generation is emphasized. It has a double significance for you, inasmuch as not only are you part of the subject, but you are also to do your share for the younger ones.

With prayerful wishes to each one of you for a kosher and happy Pesach,

Cordilly yours

Encl.
