Rabbi Dr. Leo Jung
131 W. 86th Street
New York, N.Y.

My dear Rabbi Jung:

I was gratified, in the first place, to hear that despite your many burdens you consented to let your nomination stand for membership on the Committee of Experts on Cultural Affairs of the Conference on Jewish Material Claims Against Germany. And now I am even more pleased to learn that you have been elected to this responsible office.

In accordance with the doctrine of the Baal Shem Tov on Hashgocho protis, especially in a case of this kind, I am pleased that I was instrumental in your acceptance of this office.

Inasmuch as 'G-d does not deal despotically with His creatures,' I am sure he will bestow upon you not only the necessary strength to cope with your added responsibility, but He will give you an extra measure of physical and spiritual strength to serve with boldness and determination the interests of orthodox Jewry in general, of the Torah institutions in particular.

I take this opportunity to send you, under separate cover, a copy of our recently reprinted Tanya - its first publication in the New World - to which I have added some supplementary material, indices, etc.

With warmest regards and best wishes,

Cordially yours,
