Blessing and Greeting:

After the long interval, I was pleased to receive your letter of 18th of Sivan, in which you report on the activities of the Mesibos Shabbos in recent months. I trust that you will continue to report on these activities, though at shorter intervals.

It is surely unnecessary to call your attention to the need of making the proper plans for activity during the summer months. Though many children may be away in camps, making it more difficult to keep contact with them, others, on the other hand, have more time on their hands and are within easier reach, being free from school. The Mesibos Shabbos and Agudas Nshel Chabad should therefore make suitable plans for the utmost possible activity during the summer months, and time is of the essence.

With prayerful wishes for success in your work,

With blessing,

By *Adin Steiner*
