Greeting and Blessing:

I received your letter of Rosh Chodesh Nissan, in which you write about the medical opinion with regard to your son Elijah Eliezer, for the removal of his tonsils. In such a case, it is customary to have the opinion of at least two specialists, who should not only agree on the surgery, but also as to the suitable time when that should be done.

In reply to your question whether you should participate in the purchase of the Lubavitch House in London, it is well-known that there is a great Zechus in participating in such a public effort, ^{צדקה} together with many others.

As for your present situation, which, as you write, makes it difficult for you, it is surely possible to pay out in instalments. Surely you know that in the case of Tzedoko, G-d has promised that it is a means to riches and has, in fact, challenged everyone to try Him out on this score.

As requested, I will remember you in prayer when visiting the holy resting place of my father-in-law of saintly memory, and I hope you will have good news to report. Especially as we are now in the month of Geuloh, and may it bring you true liberation from all adversity, so that you can serve G-d with joy and gladness of heart.

Wishing you and yours a Kosher and happy Pesach,

With blessing,

M. Schneerson

The enclosed copy of my message will surely be useful to you in your work.

As for your question in regard to a curriculum of studies with the children of the Talmud Torah and post Bar Mitzvah age, you should discuss this matter with friends who are familiar with the type of children and the educational problems.
