Your Greeting and Blessing of the 10th of Nissan reached me only the day before yesterday on the 22nd of Nissan, 1100 18 1200 18 228.

I am deeply touched by your kindness and profoundly grateful for your prayerful wishes. My dear friend Dr. Nissan Mindel, your secretary, knows how much I am in need of them.

Further, let me thank you especially for your most welcome references to the $\pi \pi \pi \pi \pi \pi$ 220 of your saintly father in law $\pi \pi$ and to the various other sources in which the subject of $\pi \pi \pi \pi \pi$ is touched upon.

My predecessors at the once glorious University of Berlin, the philosophers Moses Lazarus (1824-1903) and Hajim Steinthal (1823-1899) have discussed many Jewish problems of past and present in their letters hitherto unpublished and now edited by me with a detailed introduction. $\pi \pi \pi \pi \pi$ appears in one of these documents in a discussion between Lazarus and the well-known Christian philosopher F.H.J. Schelling (1775-1854). I am very happy to refer in this volume of letters soon to appear in London, Jerusalem and New York (Leo Baeck Institute) to the especially valuable references with which you provide me in addition to those accessible to me and Dr. Mindel.
