Manchester.

Sholom uBrocho:

I was pleased to receive your letters, in which you write about your good work and activities.

Since our Sages say that one Mitzvah leads to another, I trust that your accomplishments in the past will encourage you to even greater achievements in the future, both in regard to yourself and in good influence on your friends. I send you my prayerful wishes for Hatzlocho in every way.

With blessing,

By *Abraham Shuchet*
