Sholom uBrocho:

After not having heard from you for some time, I was pleased to receive your letter and to read in it about your improved state of mind and disposition and your adjustment to your environment and, above all, spiritual contentment.

I was, of course, especially gratified to know that you are spending Pesach in the company of your family.

Although you do not mention it, I trust that you are using your good influence to encourage your fellow Jews in service in religious and spiritual matters, especially as under circumstance of military service the boys are more responsive and receptive to such influences, and there is an extraordinary opportunity to bestow lasting benefits upon them.

Wishing you and yours a kosher and inspiring Pesach,

With blessing

M. Schneerson

On the question of an appointment during Chol-hamoed, there are no appointments at this time, in keeping with custom and tradition. I trust however that there will be other opportunities.
