Sholom uBrocho:

After a prolonged interval, your letter of the
6th of Kislev has reached me.

I trust you participated in a Yud Tes Kislev
Frabrengen and were active in spreading the message
and inspiration of that auspicious day which is
known as the "Rosh Hashanah" of Chassidus. Indeed,
its essential purpose, like that of Rosh Hashanah
at the beginning of the year, is to retain the in-
spiration and influence throughout the year.

I also hope that the fullest advantage has been
taken of the days of Chanukah, and may the light of
the Torah and Mitzvoth, illuminated with the warmth
and vitality of Chassidus, spread in a steadily in-
creasing measure, in accordance with the message of
the Chanukah lights.

The enclosed is of timely and lasting interest.

With blessing *M. Schneerson*
