סוף הל' שמיטה ויובל, תשכ"ד.
(חודש חמוז)

Greeting and Blessing:

This is to acknowledge receipt of your letter, in which you
write about your progress in the study of the Torah.

Inasmuch as we are entering the month of Tammuz, and will
soon observe the 12th - 15th of Tammuz which, as you surely know,
is the liberation day of my father-in-law of saintly memory. I
trust that you and your friends will be inspired by the meaning
and teachings of these notable days towards additional efforts in
your study of the Torah, both Higlieh and Chassidus, and the
observance of the Mitzvoth with middur.

With blessings.
